FEED

Charity-oriented token

What does vesting mean? How can I make sure that the wallets are vested?

Put simply, Vesting is a right to a future payment, asset, \$FEED in this case. This means that any tokens that are vested cannot be withdrawn today, but will be made gradually available in small amounts over a long period of time.

Checkout the vesting schedule at

<https://feedtoken.org/>

Our vesting contracts have been audited twice, by Techrate and Solidity.finance - so you can be rest assured the wallets are vested. The vesting smart contracts are also public, and you can read them here:

<https://bscscan.com/address/0x94e3b4422E51bdC381fbada6511824387716f564#code>

How do I know that FEED is not going to rug pull?

We are committed to work with Hunger Organizations around the world to help people in need.

Here's how we ensure its not a rug pull:

- Locked liquidity for 1 year
(<https://dxaSale.app/app/pages/dxlockview?id=94&add=0&type=lpdefi&chain=BSC>).
- Burned 20% of the LP tokens
(<https://bscscan.com/tx/0x622a11ea5d5238f27529bd86e1969ac634b2454e952af2eae6e977f082df8c50>).
- Ownership renounced
(<https://bscscan.com/tx/0x8eca9412ebbe2e7365d4694b87abaa2d9c4efcebf62b113479883de416e7e939>).

100% of team tokens vested for 8 months

(<https://bscscan.com/token/0xb1731e5e035cb039298159ecb191cb3fe666dd0e?a=0xd16af22b900c3ee665b49ae967fb67842c09a2d4>).

Is there any liquidity locked? How can I check it?

Yes, the entire initial liquidity worth 160 BNB and 35,000,000 FEED tokens are locked for 1 year from TGE. You can check it here:

[https://dxsale.app/app/pages/dxlockview?
id=94&add=0&type=lpdefi&chain=BSC](https://dxsale.app/app/pages/dxlockview?id=94&add=0&type=lpdefi&chain=BSC)

How does the 2% liquidity pool fee works?

For each transaction that our users make, we charge a 2% liquidity pool fee. Half of this 2% (1%) is converted to BNB, and paired with the other half 1% of FEED, to be added to the liquidity pool on pancakeswap, for eternity. This continuously increases the liquidity pool, which leads to a permanently growing price floor of FEED.

What does renounce ownership mean? How can I check it?

The owner of the contract has certain privileges, such as changing the tax, excluding a wallet from the tax, etc. By renouncing ownership, we give away our right to exercise those privileges and increase community trust.

You can check that we indeed have renounced ownership in this transaction:

(<https://bscscan.com/tx/0x8eca9412ebbe2e7365d4694b87abaa2d9c4efcebf62b113479883de416e7e939>).

10. name

FEED Token *string*

11. owner

0x00 address

You can also check out the owner address on the contract page, and confirm that it is the 0x00 address.
